

IMPORTANT LIABILITY **DISCLAIMER**

The Mundbora product line is a self-defense back pack. It is made of slash-resistant fabric material on the front and a puncture-resistant insert. Additional options include a bullet resistant (small handgun calibers only) insert and an anti-blunt force trauma board. The straps of the back pack allow it to be placed in front of the wearer and used as a defensive shield against aggressors. The back pack itself provides some limited protection while wearing it in the normal manner.

There is no such device or material that is 100% bulletproof. The Mundbora product may reduce the likelihood of fatal injury in small arms attacks, but 100% protection in all circumstances is impossible.

Mundbora assumes no liability and bears no liability for any use, misuse, or failure to perform. All products are sold "as is" and "with all faults." No warranties of fitness, or use are provided. The entire risk of use, quality and performance of all products remains solely with the consumer. Ballistic, edged, and other resistance comments made herein are strictly limited to the controlled conditions under which the products were tested.

We appreciate your business.
